Patterson N.J.

Dear Mr Gootter:

I know you have wondered what in the world has happened to us. Well as you know this season is full of all kinds of obstacles where the baseball is concerned, and every time I look around some change is being made.

To make a long story short, I have decided to come to Patterson the last three weeks in August, and all the games can be advertised at once. It will give us a little more of a program. We will also be able to bring two of the best teams, The St. Louis Stars, and The Cuban Stars. I wont send you the dates, and attractions at this time, but will wait a while until I am sure they wont make any more changes. I have secured the dates at the park, and am writing WPAT at this time, to tell them we will use some time on that station.

I realize this will be late in the season, but if we work it up properly, we may lay the groundwork for something for the future. In the meantime we should give a lot of thought to the time to start the games, and I have had a lot of complaints from the league members about the price being too high, because the city is not used to paying but so little. I do not agree with them about the price, if we would just play some good looking ball in Patterson, as we can, but we have never looked our best over there. I think that has hurt more than anything. Look to hear from me very soon. I will get my man to send you some stuff about The Eagles, and the other teams, in the meantime.

Very Truly Yours
